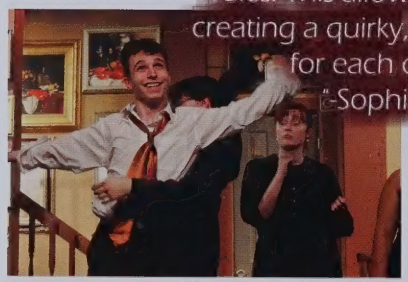
Arsenic and Old Lace

"My favorite quote from the play is 'Insanity runs in my family. Hell, it practically gallops!'."-Lauren Woodcox, 12

Arsenic and Old Lace is a classic play about two elderly sisters, the Brewster's, who poison lonely old men as an act of charity. Their nephew, Mortimer, discovers a body in their house one day and does his best to stay out of trouble, when suddenly, his brother Johnny comes to visit. He is accompanied by his surgeon Dr. Einstein, and secrets from their past.

"The play was a great experience for many of us to explore "character" roles. This allowed us to have fun creating a quirky, unique personality for each of our parts. "-Sophia Bell, 10



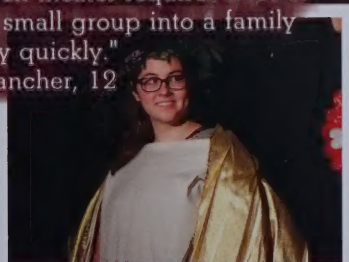
"Arsenic and Old Lace is fun show with a lot of good characters that really show off and highlight the actor or actresses work and skill. It was a blast to be in it this year along with the cast and crew!" -Gabe Tobierre, 10

"It was fun having only 18 members in a black box setting. It really makes the performance more interesting. Overall, it was a fun experience for everyone, I believe, due to the fast dress changes and overall chemistry of the cast."
-Dylan Burger, 11

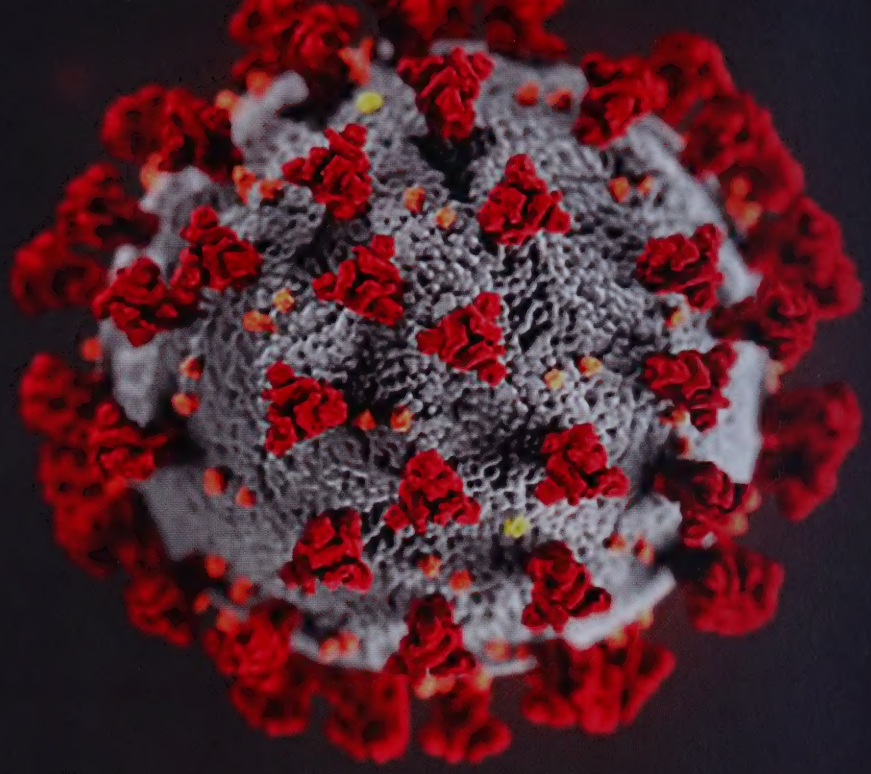
Professor Curio and Professor Amoré took us on a trip of dating through the ages. There were bumbling cavemen, mercenary egyptians, and even 21st century online bachelors, all of which highlighted the persistence of cheesy pick-up lines. Ending with a fun "speed dating" themed recap, Curio and Amoré showed us love, heartbreak, and what ultimately binds us all together.

" I really enjoyed how unified the cast was throughout the production and the friendships I strengthened."
-Kelsey Ternet, 11

"I learned that anyone can be in the spotlight and do well and that black box theater requires a lot of teamwork and makes a small group into a family very very quickly."
-Ellie Hancher, 12



The HISTORY of Dating



How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

1.20.20

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

Photo provided by CDC.gov

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

2/11

February 29

First US COVID-19 death

1 new case in Mexico

3 new cases in United States

5 new cases in Canada

March

Canada had 118 cases. United States had 1,267 cases. Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

12

Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

Friday the 13th

16 US states closed schools to reduce spread of the virus:

Alabama	West Virginia	New Mexico
Wisconsin	Illinois	Oregon
Maryland	Pennsylvania	Virginia
Ohio	Louisiana	Utah
Kentucky	Rhode Island	
Washington	Michigan	

US declared a national state of emergency.

fourteen

-The US reported 2,816 confirmed cases and 58 deaths.

-Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.

-Canadian provinces canceled schools as the numbers of infected rose.

- Canada reported 341 cases.
- More cases were reported outside mainland China than inside it for the first time in the history of the disease.
- The largest school district in the US, NYC Public Schools, closed.
- The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

the ides (15)

sixteen

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

17 St. Patrick's Day

Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

During the stay at home order, students were asked to remain at home when at all possible and stay six feet apart from others. Cleanliness has become even more important, and masks have become a necessity for many when going in public. While these changes may be inconvenient, they are necessary and most students have embraced them and learned to make the most of the situation. Hand washing is important and it is suggested that you sing a song while washing your hand so that you wash for long enough. Students got creative with what song that meant for them, taking a tough situation and learning to have fun with it.

What is your favorite song to sing while washing your hands?

STAYING ACTIVE & HEALTHY

DURING QUARANTINE

Creamy Mushroom Chicken Pasta

Season chicken thighs with dried basil, salt and pepper. Heat 2 teaspoons of oil in a large saucepan or pot over medium-high heat. Add the chicken thighs and sear on both sides until golden brown, cooked through and no longer pink. Remove and set aside.
Add the remaining oil to the pot. Fry the onion and garlic until the onion becomes transparent, stirring occasionally (about 2 minutes).
Add the mushrooms and cook for a further 3 minutes, while stirring occasionally. Then, add the broth, milks (or cream if using), salt and pepper, and bring to a gentle simmer. Add the pasta and simmer until pasta is all done, about 15 minutes, while stirring occasionally.
Stir in the parmesan cheese until it melts through the sauce. Remove from heat and allow to sit for 5 minutes to allow the sauce to thicken. Slice the chicken into strips and stir through the pasta.

While stuck at home, it can be easy to lay in bed all day and do nothing. It is easy to snack and eat poorly to cope with the dramatic changes in our day to day lives. But staying physically active and fueling your body with healthy food during a time like this is crucial! DeKalb Barons did not let lockdown stop them from bettering themselves and staying fit. Barons rose to the challenge of not having a gym, and got creative with their workouts. Athletic trainer, Mr.Collins, provided students with workouts that could be done with ANY household material! DeKalb students also used their cooking skills to pass the time while still keeping adequate health.

Covid-19 may have taken away spring sports, our daily routines, 2020 prom, and class activities, but it couldn't take away our spirit and our graduation ceremony. Thanks to administration, counselors, graduation sponsor, maintenance, custodians, teachers, and community members, we were able to have our ceremony on the date scheduled, May 31st. We were the first class in DeKalb's history to have an outdoor ceremony! We were celebrated with a police and fire truck escorted parade that started at ICC and ended with a serpentine line up to the final goal of getting out of our decorated cars, trucks, a limousine, and even one school bus to walk across the stage and receive our diplomas. While in the line up waiting for our time to shine, some of us blasted tunes, Charlie entertained us all; some of us hung out on couches in the back of pick up trucks; while others just hung out in vans and cars singing songs, watching movies, and having fun with family. What a unique experience, and one we will surely never forget.

The DeKalb Baron varsity volleyball had a season filled with excitement and hardwork. The 2019 season pushed the players out of their comfort zones, and showed huge improvements throughout the entire season. Although they ended the season going 8:18, they fought hard every game! Many adversities were faced and overcome. Through the eyes of the coaches, the team will continue to improve every opportunity they get. This includes the comeback against Westview, after being down 2-0.

A look back on the season...

The DeKalb varsity boys basketball team went 7:17 on the 2019-2020 season. Coached by Cone, the BARONS were able to overcome many challenges that were presented to them. The team lost in the first round of sectionals facing East Noble. Although they were a young team, that didn't stop them from approaching every game with confidence and a thirst for victory! According to one team captain, Caleb Nixon, "Our biggest challenge was getting everyone healthy. Once everyone was healthy we felt like a better team. I think as a team we bond better than most other teams. We love competing together and have fun at the same time." The team is determined to keep working hard and to achieve even better things in the future.

Softball: This group of seniors were all four-year participants in the program and contributed significantly t the success of it - between their leadership, passion for the game, and team mentality, they will leave a lastin impression on the program and returning players that will be felt for years to come. As their coach, I could nc be more proud of them both on and off the field, and we look forward to seeing what the future holds for eac one of them! They will be missed! -Coach Brown

Boys Golf: Although there were no seniors, we decided to take a look about what the freshman thought about their first high school season. " I was really looking forward to getting to know the upperclassman and making new friends. I can't wait until next season when I can finally compete." -(Freshman) Grant Fetter

Unified Track: We will definitely miss three of our founding members that are graduating this year Brennen Maloney, Olivia Walke and Joseph Armstrong. All three of these continued to grow in their event, and helped push the team to work harder and be better. We did have three new Seniors to track including: Whitney Myers, Destany Hart, and Joycelyn Armstrong. All three of these ladies were sure to bring some speed and distance to the team. You will be missed class of 2020. Thanks for leading the team by example. Coach Fike

(Unified Track) Olivia Walker, Whitney Myers, Destany Hart, and Jocelyn Armstrong (Track) Krystal Renfrow

WHY the seasons DID NOT happen...

There was a worldwide pandemic. We were in quarantine and could not go back to school the rest of the semester. So all spring sports were cancelled.

(Track) Tylar Pomeroy, Landon Miller, & Adam Graves (Unified Track) Brennen Maloney & Joseph Armstrong

Also a member of the girls tennis team is Lilly Morrow. She was in a car accident her sophomore year and sadly passed away. This year would be her senior year. She is still part of the team and will be forever missed!

Girls Tennis: Our seniors were full of leadership, determination, compassion and have the most incredible work ethic. They all brought something a little different to the team which is why they were successful. They have left such a great mark on the underclassmen and I know in our 2020-2021 season we will have a great year because of our seniors. Thank you Ally, Caitlyn, Ashlyn, Jenny and Lilly. You will be missed and thank you for the past 4 years- Coach P

Baseball: "As a senior I was ready to lead my team. With these group of guys I know we would have played our hardest. It's been a great journey with teammates like this by my side, and I'm sad to let it go." -(Senior) Easton Rhodes

Track and Field: My fav part about track was being able to create relationships with the runners and coaches. The seniors would have made a great impact on our team this year, and they're going to be missed. I can't wait to work hard in the off seson and prepare for 2021! (Junior) Morgann Leslie

Ms. Rohm and the 2020 Yearbook Staff

Thanks for the Memories, Barons!

The 2020 Yearbook Staff put together a great book for our 53rd edition, so we hope you enjoy it! The staff worked diligently trying to picture or feature everyone in the book at least three times; the staff contacted students during lunch times, before school, and after school either in person or via social media. Some students chose not to participate, so they may not be pictured more than the school photo. Thank you to all the students, coaches, and teachers who agreed to give quotes and pictures for the various spreads in the book.

The Covid-19 "Coronacation" proved challenging to the staff because of the remote learning, cancellation of events, and inability to see students face to face. The staff accepted the challenge and came up with unique alternatives to events such as prom and spring sports. Since the majority of 2nd semester was sabotaged by mandatory shelter in place rules, the staff asked DHS students and staff how they managed to cope with the situation. As witnessed via social media and the pages in this book, students were successful in finding ways to not only cope but overcome adversity. Congrats, DeKalb!

The 2020 Staff chose the theme: "Through the Eyes of a Baron" and incorporated the theme in various ways throughout the book. All of the pictures on the front cover were selected because they represented significant moments for the school year. On the back cover, you will notice the "Eye Chart" design with all of the senior names printed on the back.

The 2020 Staff would like to thank those who helped or contributed to the production of this publication in some way. Thank you to our Lifetouch Representative, Michelle Hollandsworth, you are such a great asset to us. Thank you to Josh Reidy, our Jostens Representative, you were a lifesaver this year; we also appreciate the cameras and cookies (hint, hint). We would also like to thank the various photographers who contributed to our book, especially Jon Franks and Lisa Price. We would also like to thank Ms. Rohm for all her guidance, time, and talents.

Finally, we would like to end with a few final thoughts. We worked many hours both in and outside of school hours to produce this book, and we are very proud of it. If you appear on a page, but you were not properly indexed, we apologize. We check, check, and then check again for errors; we also have editors who check our final submissions. This is a student publication, so we apologize for any error that may have been overlooked.
